- Homibhabha, NMTC
- Gamification & Hands on Projects

Workshop

- Early Engineering & Electronics
- Robotics, Programming & I.T.
- Carpentry, Electrical, Cooking & Gardening
- Educational Outing
- Community Learning by professional

Our Philosophy

- Children must explore all areas - **Colours 360 Degree framework** is designed to give exploratory based learning!!
- Academic progress is important as well as priority; we must focus on hands on projects, experiments, problem solving, critical thinking, life skills for the concepts understanding instead of memorizing and solving Question and Answer
- We all need to create conducive environment for Children to enjoy the learning!! we need to support them instead of judging them per marks. Children should be raised confident and happy! Let's focus on making future leaders!
- **Educators / Teachers are CORE at Colours; we certainly RESPECT teachers, coaches and mentors. We expect the same from Parents**
- We do take basic preparation sessions for Olympiad exams during school hours. Our results have been excellent. We do not publish winners' information to parents or on social media who win Gold medals in Olympiad to avoid unnecessary pressure. Just to motivate children, we do announce and congratulate all such achievement in common assembly meeting at school. Participation in competitive exams like Olympiad is optional; however, the preparation is compulsory as it happens in regular class session.
- Cambridge English Certification, Homibhabha, SpellBee, NMTC, Madaan are the few assessment to support
- Physical Sports [one session daily]: Swimming/ Football / Skating/ Gymnastic/ Basketball / Taekwondo
- Extra curriculum [one session daily] : Dance / Chess / Music / Drawing / Drama
- Curriculum includes life skills workshop like carpentry, gardening, cooking, electronics, astronomy / space, programming with fun
- For sports competitions like Zilla parishad games [basketball, chess, football, badminton], our coaches take the practice and select the team per requirement and criteria.
- We do have specific policies like Overall Class Rating, Anti Bullying, Parent-Teacher Meetings, Food committee, Medical emergency response team, regular fire mock drills.
- Class Rating : Each class is rated monthly on parameters like Discipline, Academic, Responsibility and so on. Top performing classes are given reward and similarly classes not doing well are asked to skip sports or extra curricular activity.

Academic

Subjects

- Mathematics
- Science
- IT / Computer

Language

- English
- Marathi
- Hindi
- German
- Sanskrit

Social Science

- Social Science
- Global Perspective [Financial Literacy, Events, Visits, Awareness initiatives]

- National and Global Events/Festivals

Remarks

- Global Perspective is covered in form of activities/events and initiatives

Colours Innovation Academy

Admission Process:

- Orientation – admission information session will be conducted on Saturdays 1030am in both campus: We request parents to attend the orientation session to understand the school's vision and objectives, and to clarify any general queries before admission.
- Admission application process will begin from 22nd Sept 2026 via online form. Link will be published.
- Please review the books, curriculum, timetable, meet bus kaka to confirm the route; before filling the admission form.
- Enquiries only of Saturday 1030am including campus walk thru at both campus.

Admission Process:

- Parents need to fill out the online application form post 22nd sept 2026.
 - The school will confirm the seat via email.
 - Make the payment for the admission to confirm the seat.
-
- Annual Fee includes tuition, extracurricular activities, and workshops.
 - Switching from Cambridge to CBSE, or from CBSE to Cambridge, is possible if a seat is available and based on the child's comfort, as assessed through teachers' feedback.
 - Bus fees, along with GPS tracker fees, are additional and mandatory for those using the bus service. Fees should be paid directly to the vendor, as the school does not benefit financially from this. The school monitors the bus service, and a support staff member will always be present on the bus. For bus-related queries, please contact Jadhav Kaka at 9960525883.
 - We aim to avoid additional charges for sports, extracurricular activities, workshops, annual events, and drama. However, fees for private sports competitions outside the school or after school hours, as well as transportation and rental for any costumes, must be provided by parents.
 - Special students seats are not available in 2027-28. it is already allocated and full.
 - Section allotment will be school's right and parents need not recommend or request for change.
 - If child has any special requirement or need additional help or support; please discuss the same with Admin before confirming the admission.
 - After-School Programs: Sports, workshops, academic programs, and language programs will be conducted after school hours and will be open to all and fees details will be published separately for the same.

General Queries

Colours Innovation Academy

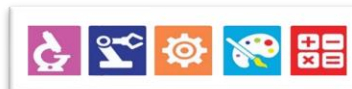

- Both campuses are aligned with the **Colours 360-Degree Framework**, and activities are integrated into the timetable, curriculum, projects, workshops, and initiatives.
- The examination process is standardized across both campuses, with a two-term pattern and unit tests conducted. Term-wise progress cards are issued, and parent-teacher meetings (PTMs) are held after exams.
- The prescribed uniform should be purchased directly from Jockey Store or a custom vendor, and school shoes can be bought from any Bata shop. Both vendors provide discounts directly to parents. The school does not receive any financial gain from this process.
- Academic Session Begins in April to March month; Dates may be adjusted for the exams or based on weather.
- School timings for both campuses are the same for all grades:
 - Monday to Friday: 8:00 AM to 2:30 PM
 - First, Third & Fifth Saturday: 8:00 AM to 12:00 PM
- CBSE Affiliation will be initiated in year 2027-28. we follow CBSE pattern curriculum set based on NEP.
- Participation in third-party exams such as Olympiads, Dr. Homi Bhabha competitions, and Cambridge English certification is optional, however for preparation we ask parents to purchase books of these exams as we prepare everyone during zero periods. Fees for these exams must be paid directly by parents on their respective websites. We provide basic preparation for these exams IMO and CEQ during school hours.
- Please note, campus does not have parking space. Vehicles must be parked outside only as it damages the skating track finish.
- We plan to take children on field trips, to science parks, and to exhibitions. Parents will be requested to cover the costs for transport and tickets based on actual charges.
- In the event of leaving the school, a minimum notice period of 6 months is expected.
