Academic Timelines for 2026-2027

Date: 16th May 2026

This document provides a summary of the meeting along with broader details for the next academic year.

The academic timelines are being revised once again, as many parents raised concerns regarding siblings studying in other schools and requested that our timelines be aligned accordingly. We also received feedback that aligning learners' exam dates with other schools would help students better balance play, learning, and preparation time.

The revised timelines will now be implemented, and all related details will be published on the MyClassBoard portal. Assessment schedule gradewide will be published within this timelines in MCB portal.

This year, we will be using MyClassBoard for all forms of communication, including academics, events, circulars, and other important updates.
